~~Such~~ notification of
the next ganja contract
is dispensed with by this arrangement the
Excise Commr thinks it also
convenient for Govt to do away
with the wholesale vend system
as regards ganja,
& to deal directly with the
retail vendors with the
accompanying advantages
as in the case of retail
arrack & toddy shops. It seems the wholesale vend of ganja is not in force in Madras.

He also proposes to
submit at an early date
a draft of Rules in con-
formity with the above proposed
changes

This can be awaited

Besides the above,
the main changes proposed
in the notification are:—

(1) Abolition of the arrack
farming depôts in the
Bangalore District & the

ointments in their
existing bonded depots as
in other districts. The reason
for such exemption is fully dis-
cussed in the Hon'ble Commr's
letter under disposal.

(2) Inserting a new condition
(9) requiring that bonded
depots shall be opened
by the contractor in buildings
approved by the Deputy
Commr of the district con-
cerned, for which no reason
is assigned.

(3) The total deposit to be
made in the case of composite
depots (in para 6 of the
draft notification) has
been raised from Rs 5000/-
to Rs 6000/- apparently
as the establishment of
bonded depots is extended
to the Bangalore district
also (para 4 of the notifn)

5

The other alterations
forms of agreement (S i)
(S ii) are in conformity with the
above changes proposed by
the Excise Commrs especially
with reference to ~~ganja~~ the
carrying of ganja to the
depôts.

No reference however is made
about the conviction of trans-
porting ganja to the depôts, in
the notification, or in the
preambles of the forms of
agreement (S i) & (S ii)

The 31st day of March 1902 was
been proposed for receiving
the tenders

Forms (S i) & (S ii) attached
to wrack rules already
published will have
to be amended in
accordance with the forms
now proposed.

The proposal to do away with the 'wholesale' contract for selling ganja means an apparent gain to govt acc to Sec. Col's estimate of 4 to 2 p per seer. But this may be taken away wholly or in part by the additional amount we shall have to pay to Contract for transporting the drug whence it may be wanted for retail sales.

Apart from this, is it a good policy for govt to undertake retail transactions & killing out Private enterprise of middlemen for the sake of small gains? The present instance may be a small matter,

but the same rules that a mercantile firm adopts in its dealings for getting in as much of profit as possible, are not necessarily applicable to a Public Department

To

The Excise Commissioner
Mysore Province.
Bangalore.

Sir,

Being given to understand that tenders are invited for the supply of ganja for the year 1902-3, I beg to bring the following lines to your kind notice.

I am a landowner in the Bangalore District, part of the lands having been inherited by me from my father, such as, the inamtic villages Bupsandram, Melagrar, Belhalli and part having been purchased by me, such as, Kempapur near Hebbal, Sultanpollyam, Hodagirehalli near Kengeri, Rajankunta near Yellahunka. I enclose herein a list of the lands held by me for your kind perusal. I pay a kandayam of over one thousand Rupees to the Government

My ryots have been cultivating ganja for the last two years and supplying the Government I have now secured the services of two men, the one a Eurasian and the other a Mahomedan, who have a thorough knowledge of planting and curing ganja and who have had a great deal of

experience in the business in Hyderabad and Salara; and these have under them overseers who are also experienced men and well up to the work. Further, I beg to say that I have good lands for ganja-cultivation, which have been pronounced fit by experts. The lands are all situated near Bangalore so that Supervision of them by Government will not be attended with any difficulty.

So I humbly request that you will be pleased to confer on me the right to supply the ganja required by Government. I beg to assure you, Sir, that it will be my duty to supply the required quantity and the best. The ganja supplied will be of the best, as the men who cultivate ganja have learnt by experience to distinguish the male from the female plants, and to weed out and dispose of the male plants by burying them, the allowing of even one of which to grow affects the quality of the ganja produced by the female plants going to seed; and as there are efficient and experienced superintendents

I beg to be excused the paying the Rs 8000/- which, I am given to understand, is required by Government.

as I am sure the supply will not fail for the reasons given above. 33 and as even on the failure of rains, we shall have a sufficient supply of water from the wells for cultivating the plants I am prepared to supply from my lands ready three thousand mysore maunds of Ganja, if necessary

I beg to add that the Jamabandi Officer, Bangalore Dist., Mr Ahmed Ali Saib recently inspected my lands, and any information that may be required of the nature and extent of my lands may be had from him

I am prepared to supply good ganja to government at the rates at which payments have hitherto been made to the ryots according to the quality of Ganja, without being required to give any security deposit To be clearer, I am ready to undertake to supply good Ganja at not less than Rs 7/- (Seven Rupees) per Mysore Maund

Hoping this my petition will be favourably considered,

I beg to remain
Sir,
Your most obedient Servant

Tender for the cultivation & manufacturing of Ganja

Condition (4) of the draft agreement slightly vary with the notice approved, the words "or the licensee of retail shops" being added at the end of the condition

Condition (5) For the words "the Deputy Commr" the words "the Deputy Excise Commr" is substituted

(10) This condition is an addition to provide for the existing local ganja being purchased by the Contractors

With the exception of the above modifications and that the contract

should be for a period
of 5 years instead of
twelve months, the conditions
of the proposed draft
agreement are in conformity with the provisions

(Office note continued)

The D.O. was sent to the Excise Commr as directed above & the Excise Commr submits his proposals & communication on the subject.

He says :—

(1) That with a view to avoid delay the notice inviting tenders for the exclusive privilege of cultivating ganja hemp & manufacturing the drug (approved by Govt)

was not published

(2) that the tenders were however received a that messrs Bajjanna & naiyude deva moody have offered the most favorable rate of $13\frac{1}{3}$ annas per ~~measure~~ seer of 80 tolas for the next 5 years ending 30th June 1907.

(3) that the tender of messrs Bajjanna & Co ~~may~~ may be accepted.

(4) that in consequence of the reduction in the price of ganja (from Rs 1-4-0 to $13\frac{1}{3}$ as) a corresponding increase in the duty viz from Rs 3/- to 3-6-8 will have to be paid by the retail licensees

and

(5) that the Residency should be addressed on the subject of the corresponding increase of duty in the Cochin states also.

The Excise Commr

also forwards a copy
of the agreement proposed
to be taken from messrs
Bajpai & Mayandadeva
Mudaliyar

The draft agreement
is in accordance with the
draft sent formerly by the Excise
Commr with the D.O to
the 2nd Councillor except
the addition of para (3) about
Mayum which is in accord-
ance with the existing rules.
The other minor alterations
(shown within brackets in
pencil) are in accordance
with the existing practice.

Then comes the revised
Ganja Rules most of
the alterations are ~~based~~
~~upon the~~ in conformity
with the new proposal of
giving to one person the monopoly
of cultivating ganja, hemp &
manufacturing the drugs
the provisions regarding

the wholesale vend of Soma being omitted in consequence of the proposed ~~abolition~~ of that system.

The following points are however worth noticing —

Rules 9 & 10 may be allowed to remain as if is intended to legalize them by amending the Regulation H

Yes. Leave these alone — H

(1) ~~Whether~~ the Rules 9 & 10 should be retained or not ~~adopted~~ especially as the question had already engaged the attention of Govt.

(2) License & Condition III.

That the drug should be sold at a fixed price to the public instead of "at not less than the prescribed minimum" There was some correspondence about this (vide office note in file 14 of 97.)

The present tendency is to do away with the minimum price in all cases arrackde; for which no reason is assigned. The

per maximum price fixed for arrack in the Kolar Gold Fields ~~in Kolar Gold Fields~~ has been done away with ~~from~~ the next year (1902-1903) vide para 7 (3)(b) of page 24. of the supplement to the Mysore Gazette of the 3rd April 1902. (put-up) & also Sl. No. 5 File 4 of 1902.

My dear Mr Ellis

From a reference to the papers on the subject I find that the information I gave you to correct at present the duty is Rs 3/-, wholesale price Rs 4-4-0 and retail price (minimum) Rs 5/-

The wholesale vendor has to pay Government Rs 3/- a seer as duty and sell the drug to retail shopkeepers at Rs 4-4- The latter is not meant to be interfered with

There is an idea of doing away with the intermediate wholesale vendor. Government

will directly deal (if new arrangement is adopted) with the retail sellers and sell the drug to them at as 1-4-

So far as the persons who will get licenses to sell retail are concerned, we may say that the price (wholesale) is not likely to be altered during the next year.

Yours sincerely

15th March 1902.

My dear Sir, M. Ranjandayyu,

In your letter of the 14th March 1900, No 6491 Ex. F. 2 - 97, it was stated that the then existing price of for the wholesale vend of ganja was Rs 4:4:0 per seer of 80 tolas. The right of vend of ganja in the Civil & Military Station during the year beginning on the 1st April 1902 and ending on the 31st March 1903 is about to be put up to auction at midday today, and the question has been asked whether the price above mentioned will be varied during this period. Can you very kindly favour me with information on

Our Contract expires by the end of this official year: but I do not suppose, at present, there is any intention of altering the rate at which Gauges will be sold to Vendors, though there is some idea of purchasing [illegible] rates of duty to make it [illegible]

uniform with the [illegible] rates. I believe that is meant by the wholesale price: but as I can't specify [illegible] without references, I can't send it. I will give you this info from [illegible] when I want.

Excise Commissioner's Office.
Bangalore dated 5th February 19

From

F. N. Fernandez Esquire B.A.,
Excise Commissioner
in Mysore.

To

A.S. Narjundayya Esquire M.A.
Secretary to Government,
General and Revenue Departments.

Sir,

I have the honour to submit herewith, for approval and publication, a draft Notification inviting tenders for the exclusive privilege of establishing Arrack Depots and transporting thereto imported, arrack and other Country Spirits from the Government Central Distillery, Bangalore and distributing the same to the respective arrack vend farmers and separate Shop-keepers attached to the said Depots, for the next five years.

2. During my tours of inspection, I found that the vend farmers in some of the Talukas of the Bangalore District did not keep proper Stock in their "Farm Depots", chiefly owing to the

the great distance of the Depôts from the Government Central Distillery, Bangalore; and that Consequently their Shops were not supplied adequately with arrack for Sale to the Consumers, thereby inconveniencing the latter and also causing loss of Revenue to Government. Under such circumstances, it is absolutely necessary that the Bonded Depôts should be established in proper centres at Convenient distances from retail Shops. This necessity has been repeatedly urged by the departmental officials and vend farmers The additional remuneration which Government will have to pay to the Arrack transporting Contractors on account of the additional Bonded Depôts, will be more than Counterbalanced by the additional Revenue which will be realized under the rents of Vend Farms ... of separate shops, as the vend farmers will be relieved of the cost of Carriage and establishment, which they incur for transporting arrack from the Distillery and depositing the same in their "Farm Depôts" for issue to their Shops. Accordingly, the additional Bonded Depôts have been included in Statement A

× Vide enclosed Memo

"A" appended to the Notification.

3. At present, the Arrack transporting Contractors and the Wholesale vendors of Ganja being the same, the requisite supplies of Ganja are carried by them to the Depôts along with Arrack Consignments; but if the future Contractors happened to be different persons, the expenses of carrying Ganja to the Depôts would certainly be heavier, as Ganja Contractors will have to employ separate Carting and Wholesale Vend establishments, in the event of the Arrack transporting Contractors refusing to carry Ganja Consignments, or demanding prohibitive rates of Commission for carrying them to the Depôts And issuing the same to Retail Vendors. To avoid such difficulty, a Condition has been inserted in the Arrack transporting Contractors agreement forms 8(i) and 8 (ii) that he shall be bound to carry the requisite supplies of Ganja to the Depots and issue the same to the licensees of retail Ganja shops on presentation of Treasury receipts in proof of the prepayment of the prescribed duty. Thus the Transporting Contractor from 1st Aug 1912 will be for both Arrack and Ganja. By this arrangement

it has become quite convenient to dispense with the Wholesale Vendors of Ganja and deal directly with the retail dealers. Such middlemen have been advantageously dispensed with in the case of Arrack and Toddy and there is no reason whatever for retaining the Wholesale Vendors of Ganja, since it would be profitable to Government to deal directly with the licensees of Retail Ganja Shops, just as it is to deal with those of Arrack and Toddy Shops.

4. At present the licensees of retail Shops purchase Ganja from the Wholesale Vendors at Rs. 4-4-0 and sell it to the public at Rs 5-0-0 per seer of 80 tolas; and the Wholesale vendors pay to Government a duty at Rs 3-0-0 per seer of 80 tolas on the quantity sold by them to retail dealers. But from 1st July 1922, the retail dealers will pay to Government the duty at Rs 4-4-0 per seer and purchase Ganja direct from Government. Deducting from this sum of Rs. 4-4-0 annas nine and pies six (i.e. annas 9 1/3 being the price of Ganja payable to the Cultivator and pies 6 being remuneration payable to the Transporting Contractors), the net income to the State, would be Rs 3-4-2 per seer of 80 tolas instead of Rs 3-0-0 as at present. By this arrangement there will be an

? Reference if Residency necessary. They will buy from us direct-instead of from the Wholesale Contractor. & no change here would be necessary as our rate is not altered.

an addition of about Rs. 4700/- to the State Ganja Revenue.

5. In the Madras Presidency the wholesale Vend System does not exist.

6. Under the above circumstances, the usual draft notification, inviting tenders for the exclusive privilege of the wholesale vend of Ganja for 5 years from 1st July 1902 to 30th June 1907, is not submitted. The Revised Ganja Rules which will have to come in force from 1st July 1902, will be drafted and submitted in due course for approval and publication.

I have the honor to be,
Sir,
Your most obedient servant,

Special Commissioner,
in Ganja

Sir

I have the honor to report that in accordance with Government notification No. 14434/Ex. F. 6-1901, dated 31 March 1902 tenders for the exclusive privileges of establishing Bonded Depôts and transporting thereto arrack and other country spirits from the Government Central Distillery, Bangalore, and distributing the same to arrack vend farmers and licensed shop-keepers and of exercising control over the depôts for supply to retail dealers during the next quinquennium from 1st July 1902 to 30th June 1907, were opened by me in my office at 1 o'clock noon today with the results detailed below:—

Names of tenderers.	Rate per gallon tendered for the Mofussil depots Rs. as. ps.	Rate per. gallon tendered for the Bangalore city depots Rs. as.
Messrs: Bajjaman & Narayandasa Moodliar	0 — 2 — 9	0 — 0 —
Mr: Sundara Linga Chetty	0 — 3 — 3	0 — 0 —

Mr. Buchanan. R. 0 – 2 – 10. 0 – 0 – 9.

Mr. Chickabasanna 0 – 3 – 3½ 0 – 0 – 5-½.

30

It will be seen from the above that the most favorable tender is from Messrs. Bajjamah and Mayalondadeva Moodliar, the present contractors, their rate for the mofussil Depôts being only three pie more than the rate for the present contract, and that for the Banglore city depôt being the same as at present Considering the fact that during the next five years' contract they have to transport Ganja to the depôts in addition to arrack and other country spirits with no extra remuneration, I am of opinion that the addition of three pies per gallon to the present rate of remuneration which the government will have to pay from 1st July 1902, is reasonable Mr. Sundaralingam Chetty's tender for the Banglore city depôt is ½ pie less than that of Messrs. Bajjamma and Mayalondadeva Moodliar; but it would be inconvenient to have a separate contractor for the Banglore city depôt, there being only one shed built by government outside the Distillery for storing casks. Accordingly I have accepted the tenders of Messrs. Bajjamah and Mayalondadeva Moodliar as the most favorable both for the mofussil Depôts and the Banglore city depot and beg to recommend the

the same for the approval of Govern-
ment. The prescribed initial deposits
have been duly received.

Moodaliar and Bajjanna, to deposit money or stock in kind as security. Without such a security the Government will run grave risk of enormous loss of revenue in the event of the failure of the Ganja hemp crop cultivated by them. Messrs Maigonda-deva Moodaliar and Bajjanna who have been Ganja Contractors for nearly ten years, have acquired sufficient experience about Ganja hemp cultivation &c. and they have also successfully tendered for the next quinquennial contract of transporting arrack and Ganja from the Government Central Distillery Bangalore, to the Bonded depôts throughout the Mysore State. Accordingly I propose to accept their tender, offering to cultivate Ganja hemp and manufacture and supply Ganja to the Mysore State including the Civil and Military Station of Bangalore, at $13\frac{1}{2}$ annas per seer of eighty tolas for the next quinquennium beginning with 1st July 1902 and ending with 30th June 1907. They have agreed to purchase for the cost price all the ryots' Ganja raised

raised during the current year, viz 910 Mysore Maunds and 16 Seers and which has now been bought by Government and stored at the Central Distillery buildings. They have also their own stock amounting to 1538 Mysore Maunds of Ganja. Both together aggregate 2448 Mysore Maunds & 16 Seers, valued at Rs 36,720 at the present rate of price, which they will deposit at the Provincial depot in the Central distillery buildings, for the fulfilment of the terms of their Contract

as the price payable to the supplier of Ganja will be 13 1/3 annas instead of Rs 1-4-0, from 1st July 1902 the difference of 6 2/3 annas which will be a saving to the Residency will have to be credited to "Excise-Miscellaneous" as the duty has been fixed at Rs 3 by the Residency. Sir,

I am directed to invite your kind attention to my letter no. 6491/Sec. 2 of 97 dated 14th March 1900, in which it was stated that the rates of duty and price of ganja in force in Mysore were as follows:-

Ganja

Duty per seer of 80 tolas — Rs 3-- --

As regards the question I am of opinion that the Resident's advice is unnecessary — We are free to make our own arrangements all that we have to tell him is what we have done and that in future we would be able to supply the C. de S. Station with the Ganja required for consumption therein at a commercial rate cost than hitherto — Rs 1-- --

to the Darbar at your earliest convenience.

5- The profits to Govt. referred to above will, in the Mysore State, be added to the duty on the respective articles, thus raising the duty to Rs. 3-6-8 and 2-11-8 respectively, as stated above in the Statement, in the Collection Statistics, either the same course may be followed as at present, or the profits credited to some such separate head as "Excise, Miscellaneous".

It may be added that the whole of the wholesale is still used hereto for to go to the Cuddapahs, & that the more favorable rate now secured would result in a net gain to Govt. to the extent of the difference proposed to be added on to the duty. A modification of the Mysore Rules to the extent necessitated by the new arrangement is under contemplation & will be made before finally accepting the tender.

6- A copy of the agreement proposed to be taken from Messrs Bajpania and Maigondadeva Moodeliar, together with a copy of the Excise Comm'rs letter no. 6817/303 of the 26th April last, on the subject is herewith sent for reference.

Sir

I am directed to invite your kind attention to my letter no. 64/91 dated 3rd 7.2-97 14th March 1900 in which it was stated that the rate of duty and price of ganja in force in Mysore were as follows:—

Ganja

Duty per seer of 80 tolas - - - - Rs 3 - - -
Wholesale price - - - 4 - 4 - -

Mayum

Duty - - - - - 9½ -
Wholesale price 1 - 1 - -

The retail prices of the two articles were Rs 5/- and 1-10-0 respectively.

2. In the subsequent Correspondence ending with this office letter no. 9842 dated 24.7.2-97 of the 8th June 1901, it was also stated that the Darbar hoped to be able to forward manufacture in the Mysore State itself sufficient Fancy to meet its own requirements and those of the Civil and Military Station, from 1902-1903. With the object of successfully carrying out this arrangement which hitherto has, for various reasons, not been found quite possible, the Excise Commr. in Mysore was invited tender for the exclusive privilege of cultivating Fancy hemp and manufacturing and supplying Fancy to the Govt. of Mysore including the C & M Station, for a period of 5 years

from 1st July 1902. the most favourable tender so in the Darbar's opinion that of Messrs Bappa na and napondadeva Moodr and napondadeva Moodr a solvent firm who have acquired experience as ganja contractors for the last 10 years and who may safely be relied upon to fulfil the terms of their contract and to keep the Govt regularly and fully supplied with the quantity of the drug required the firm has already in stock a considerable quantity of ganja and it undertakes to cultivate this plant in Mysore and to manufacture and supply the drug to the Mysore State including the C & M station at 13 1/3 annas per seer of 80 tolas instead of at Rs 1-4- as hitherto. the arrange-

ment

arrangement results in a profit to Govt of 6 annas and eight-pies on every seer of ganja as the wholesale price i.e the price at which the retail shop keeper should buy the drug would be reduced by the said amount and the duty payable to Govt increased proportionately by lump

3. In the case of majum the firm offers to supply the article at 5 annas 4 pies instead of at 8 annas, the price formerly charged by the contractors. Thus a saving of 2 annas and eight-pies (2 annas minus 5 annas 4 pies) per seer of 80 tolas will be effected by the proposed arrangement.

4. The Excise Commr proposes to accept the above tender and the Darbar approve of his recommendation and intend giving it effect from 1st July 1902. The arrangement would give

a corresponding benefit to the C & M station revenue and I am therefore to request the favour of the Honble the Resident's approval to the proposal being communicated to the Darbar at your earliest convenience.

5. The profits to Government referred to above will, in the Mysore State, be added as already stated to the duty on the respective articles thus raising the duty to Rs 3-6-8 and 11 annas 8 p/g respectively. In the C & M Station either the same course may at the Honble the Resident's pleasure be followed or the profits credited to some such separate head as "Excise miscellaneous". APPENDIX A.

CLASSIFICATION AND DEFINITION OF THE TERM GANJA, ITS ADMIXTURES, ETC.

Hemp.—There are numerous varieties of *Indian Hemp*, for instance, that alluded to by "Buchannan" as "*Indian Hemp*," is the production of the *Crotolaria juncea*, from the fibre of which the goni-bags of commerce are made; and other kinds. The *Indian Hemp* referred to in the Ganja Rules is the *Cannabis Sativa* of Linn. *N. F. Urticaceæ* of the Pharmacopœia, which is called in Hindustani Ganja, in Kanarese

Bhangi soppu, in Tamil *Ganja yale*, and in Telugu *Bhangi aku*. The intoxicating products of the plant are known as—

(1) *Ganja, i.e.*, the flowering tops of the female plant from which the resin has not been removed, and which are pressed and dried. The plant is cut during inflorescence, with the resin carefully preserved on the leaves. When not pressed as in some places, it is exposed to the sun for three days and then made into bundles, each containing 24 plants.

(2) *Churrus* is the concentrated resin exudation* collected from the leaves, slender stems and flowers.

(3) *Bhang*, as known in Mysore, is ganja consisting of a mixture of the leaves and capsules, without the stalks, saturated with water and brought to the boiling point; the water is then thrown away, the mixture strained, and the drugs ground with pepper, and made up into balls. One tola dissolved in jaggory-water, milk or expressed juice of the cocoanut, will ordinarily suffice for a drink for six men. *Bhang* is made as needed daily.

(4) *Majum* is a condiment made with ganja powder, in the following proportions:—

No.	*Particulars.*	Quantity. *By measure.*	*By weight.*
1	Ganja powder	6 seers.	20 seers.
2	Poppy seeds (kus-kus)	4¼ „	10 „
3	Dalchinni	2 }	
4	Anice seed	4 } „	6 „
5	Jaggory (granular-soft will not do)	0 „	2 mds. (80 seers of 24 tolas).
6	Ghee	0 „	3¾ seers (of 24 tolas each).
	Total Measures nearly ...		3

The ganja powder is put into syrup made of jaggory and water and boiled. The water is not thrown away but absorbed. The drugs are then boiled with ghee and the other ingredients added to make majum.

(5) *Halva* is also a condiment, and like the preparation *Majum*, the expressed juice extracted by boiling the sediment is not thrown away, but the sediment is. In the liquid so obtained, jaggory is dissolved and mixed with all-spice and other medicinal ingredients, till it forms a soft paste.

(6) *Charun* is roasted ganja with which "Owlu" (beaten rice), and boiled Bengal-gram (Chena), are mixed with jaggery, and eaten dry.

Character of Ganja.—Tops consisting of one or more alternate branches, bearing the remains of the flowers and smaller leaves, and a few ripe fruits pressed together in flat cakes, several inches wide and long, harsh, of a dusky green color and a characteristic odour.

Analysis.—Cannabin, a resin on which its properties depend and developed only in warm countries, a small quantity of volatile oil, extractive, etc. The resin is of dark-green color, has a fragrant odour, a warm, acrid, and bitter taste and is soluble in alcohol and in ether, and in the fixed volatile oils.

Actions and uses.—Narcotic antispasmodic, intoxicant. Like alcohol it produces a variety of effects on different individuals: in one a dull heavy state of pleasant reverie, with a rapid succession of unconnected ideas; in another a cheerful activity, with giddiness. Taken as an intoxicant in large doses, Dr. Augus MacDonald says, "It quickens the circulation and exhilarates the spirits, producing a kind of mirthful "or extravagant delirium, during which its victim alternately laughs, cries, sings, "dances or craves for food, all the while believing himself to be in a normal state of "mind. Sometimes, however it makes its victim ill-tempered, violent and pugna-"cious. It usually produces an inordinate appetite for food, and acts powerfully as

* Note.—Men dressed in complete leather suits pass through the Ganja-fields, rubbing themselves against, and brushing roughly past the plants, early in the morning just after sunrise, and when a fall of dew has taken place. When this step has completely covered the skin with the gummy matter from the plants, it is scraped off therefrom, which forms the Ganja-resin of commerce. There are other ways also; Dr. MacDonald says in his "Note-book of Materia Medica," "that it is prepared either by rubbing the leaves carefully between the palms of the hands and scraping the soft resin from them when enough has adhered, or by rubbing the leaves gently with a cloth, and scraping the resin off it."

"an aphrodisiac. In medicinal doses, it acts upon the cerebro-spinal system, causing, "in moderate doses exhilarations of spirits, a kind of inebriation and hallucination "followed by confusion of intellect and tendency to sleep; in large doses it causes "stupor. After the primary effects of a full dose have passed off, the patient is said "to be left in a state of catalepsy." Dr. Milne adds that it alleviates pain and subdues spasm, and for this purpose it has been given, but with extremely variable results (it may be owing to inert specimens of it) in neuralgia, chronic rheumatism, painful menstruation, infantile convulsions, hydrophobia and tetanus. In the latter disease a few striking cures have been achieved, but in other cases it has failed. Spasm and spasmodic coughs are frequently relieved by it; and some obtain sleep from it, who are debarred the more certain soporific opium, owing to its evil effects. "It differs from opium in its effects, chiefly in not contracting the pupil, and in not causing loss of appetite, dry tongue or constipations." In uterine hæmorrhage it often arrests the flooding and it relieves the pain in dysmenorrhœa.

Dr. Balfour in his Cyclopædia (pages 43 and 44) says, "The Hemp plants grow "in Persia, Syria, Arabia, and *throughout* India. *In "some places for its fibre*; in others, and generally, for "its intoxicating products. In Kangara and the Punjab it *grows spontaneously* and "in *abundance everywhere* in the sub-mountain tracts in the Sutlej Valley, between "Rampur and Sanganam, at an elevation of 3,000 to 7,000 feet, *but is cultivated for "the fibre only*, in the eastern portions of Kangara and Simla Hills. In 1859 an "experimental consignment of two tons of Himalayan Hemp was valued in the Eng- "lish market at from £30 to £32 per ton. The price at Lahore is about £15 to £16 "per ton."

Agricultural and Commercial.

Botany.—It is an annual, generally dioecious—*Root*, white fusiform. *Stem* three feet to six or more feet high, erect, simple when crowded, branched when growing apart, angular pubescent. *Leaves*, on long weak petioles, opposite or alternate, digitate, scabrous, leaflets 5 to 7, narrow, lanceolate, sharply serrated. *Stipules*, subulate. *Inflorescence*, males, racemose; females in spikes. *Fruit*, ovate, one celled, with a solitary seed.

SALE OF DRUG SHOPS FOR
Notice No. , *dated*

APPENDIX J.

1. Notice is hereby given that the exclusive privilege of selling intoxicating Drugs in each of the shops specified in the Schedule hereto appended, for the twelve months beginning with 1st July and ending with 30th June will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the respective taluk head-quarters, on the dates specified in the said Schedule, subject to the conditions hereinafter set forth.

2. Each bidder at the auction will deposit a sum of Rs. 5, or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each shop will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited, as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. The persons to whom the shops have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute a counterpart engagement, in the prescribed forms, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the shop will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The amount for which the privilege has been purchased shall be payable into the Taluk Treasury on the prescribed challan J. 1, in equal monthly instalments commencing from July 190 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the challan prescribed for the purpose. If such amount be less than Rs. 12, it shall be paid up in not more than three instalments. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the license. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules

in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(2) The Ganja sold by the licensee shall be of good quality and unadulterated, and it shall be sold by him at Rs. 5 for a seer of 80 tolas of Ganja and of Rs. 1-10-8 for a seer of Majum; and the whole stock of Ganja and Majum on hand shall be kept in the licensed shop and not elsewhere on any pretext whatever without special permission.

(3) The licensee shall use such scales and weights as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Drugs, which forms shall be purchased from local Excise Officers.

(4) The licensee shall be bound to take over any Drugs which may remain as stock in hand belonging to the out-going licensee on the 1st July in the existing shop, paying to the latter such compensation for the same as may be fixed by the Deputy Commissioner.

(5) The licensee shall be bound by the rules in force, and by such further rules which may be issued from time to time by Government.

(6) The remaining terms and conditions shall be as set forth in the prescribed license.

7. APPENDIX L.

Whereas we, have been granted by the Government of Mysore, the right of cultivating ganja hemp (*cannabis sativa* or *indica*) and manufacturing and supplying ganja to the Government of Mysore, for the period of five years beginning with the 1st of July 190 and ending with the 30th of June 190 , we, the said for ourselves, our heirs, legal representatives and assigns hereby agree and bind ourselves to all the terms and conditions hereinafter setforth and to the Excise Laws and Rules now in force and to those which may be issued from time to time:—

(1) that we bind ourselves to supply to Government yearly (24,000) twenty-four thousand seers of eighty tolas each of good ganja, prepared from the flowering tops of female plants, from which the resin has not been removed, and which contain little or no seed, or such quantity as may be actually required to meet the demand of the licensees of retail shops in the Mysore State including the Civil and Military Station of Bangalore;

(2) that such supply shall be made either through the Provincial Depôt at the Government Central Distillery Bangalore, or the Bonded Depôts attached thereto by selling to the licensees of retail shops at annas per seer of eighty tolas, such quantity of ganja as is covered by the Treasury Receipt presented by them, showing the prepayment of duty at Rs. per seer of 80 tolas, and by an indent for the quantity shown in the Treasury Receipt, the supply to the Civil and Military Station being made by the Mysore Government under the existing arrangement;

(3) that we also bind ourselves to manufacture and sell to the licensees of retail shops the requisite quantities of majum at annas per seer of eighty tolas, on production of Treasury Receipt in proof of prepayment of duty at annas per seer of eighty tolas;

(4) that we shall not prevent any Excise or Police Officer or Revenue Officer from entering our fields on which ganja hemp is cultivated or our ganja curing or manufacturing yards, in order to supervise the cultivation of the ganja hemp and the manufacture of ganja therefrom or for any other purpose connected therewith;

(5) that we shall not sell or transfer the standing crop or its produce to any person other than Government, for supply to the licensees of retail shops;

(6) that we shall apply to the Excise Divisional Officer concerned not less than a fortnight before we commence to harvest our crop, for permission to do so, and shall, during the harvesting of the crop and the preparation of ganja therefrom, work under the general supervision of, and obey the instructions issued by the Deputy Excise Commissioner, the Excise Divisional Officer and the subordinates deputed by them on that behalf;

(7) that we shall remove the crop to, and prepare ganja therefrom in such places only, as shall be approved in writing by the Chief Excise Officer appointed to supervise the crop, such places being in close proximity to the fields were ganja hemp is cultivated. The transport of the crop shall be covered by a permit which will be granted on our application, by such officer. All male plants uprooted in the process of cultivation, shall be duly buried or burnt by us, and all female plants not used for the preparation of ganja, as well as the plants pronounced by competent officers unfit for such preparation, shall be burnt or otherwise destroyed under the supervision of the said officer, or under his orders by the Excise Circle Assistant Inspector;

(8) that the crop shall, as soon as it is harvested, be cured with the least possible delay, and the ganja removed to the Provincial Depôt in the Government Central Distillery buildings, Bangalore, or such other place as may be ordered by the Excise Commissioner, under a transport permit granted by the aforesaid Chief Excise Officer;

(9) that on the arrival of ganja at the place referred to in clause (7) above, it shall be duly weighed by the Excise Officer concerned and reported upon to the Excise Commissioner;

(10) that if we harvest any portion of the ganja hemp crop without permission or fail to remove the crop from the field to the place of manufacture, or to deliver the whole ganja manufactured therefrom at the place referred to in clause (7) *supra*, within the time specified in the transport permit, or manufacture any intoxicating drugs therefrom in a place other than that specified in our license, or disobey the instructions issued by Excise Officers for the purpose of safeguarding the revenue, shall render ourselves liable, at the discretion of the Excise Commissioner, to a penalty not exceeding Rs. 50 for every such wilful act or omission. The imposition of a fine under this clause shall not be held to prevent our prosecution for any offence which may thereby have been committed against the provisions of the Excise Regulation V of 1901 or other law for the time being in force;

(11) that we having taken over for the cost price, all the raiyats' ganja which is now stored at the Government Central Distillery buildings, *viz*, Mysore maunds and seers, we have deposited at the Provincial Depôt in the Government Central Distillery buildings altogether Mysore maunds and seers of ganja including our own old stock, *viz*, Mysore maunds of ganja, *i. e.*, a supply equal to more than one month's consumption, and valued at Rs. at the present rate of price, *viz.*, Rs. per Mysore maund;

(12) that if we fail to supply the requisite quantity of ganja to Government in any month or fraction of a month during the currency of the contract, we shall be bound to pay to the Government the charges which will be incurred to import ganja from British Territory or other foreign territory on prepayment of the prescribed duty to British Government or other foreign State and also any loss which will be sustained by the Mysore Government in consequence of our failure to supply ganja.
